Dear Charles:

Many thanks for your outstanding work on the recently completed interior renovation of the Performing Arts Center.

It was a particularly difficult project for you, in that the schedule was very tight, the quality of work expected for such a high-visibility project was very demanding, several projects were under construction in the same facility at the same time, staging areas were at a premium, frequent clean-ups were necessary and performances continued during much of the construction project.

You met all of our needs and expectations, as usual, and it was greatly appreciated. Please pass my thanks on to your team, as appropriate.

Hope to work with you again soon.

Sincerely
